

THE EU CYBERSECURITY AGENCY

# Cybersecurity Certification Framework: taking stock of the role of ENISA

Juhan Lepassaar, Executive Director, ENISA

ENISA Cybersecurity Certification Conference 2020

| 12 | 2020

# ENISA mission in cybersecurity certification

Contribute to the EU framework for cybersecurity certification

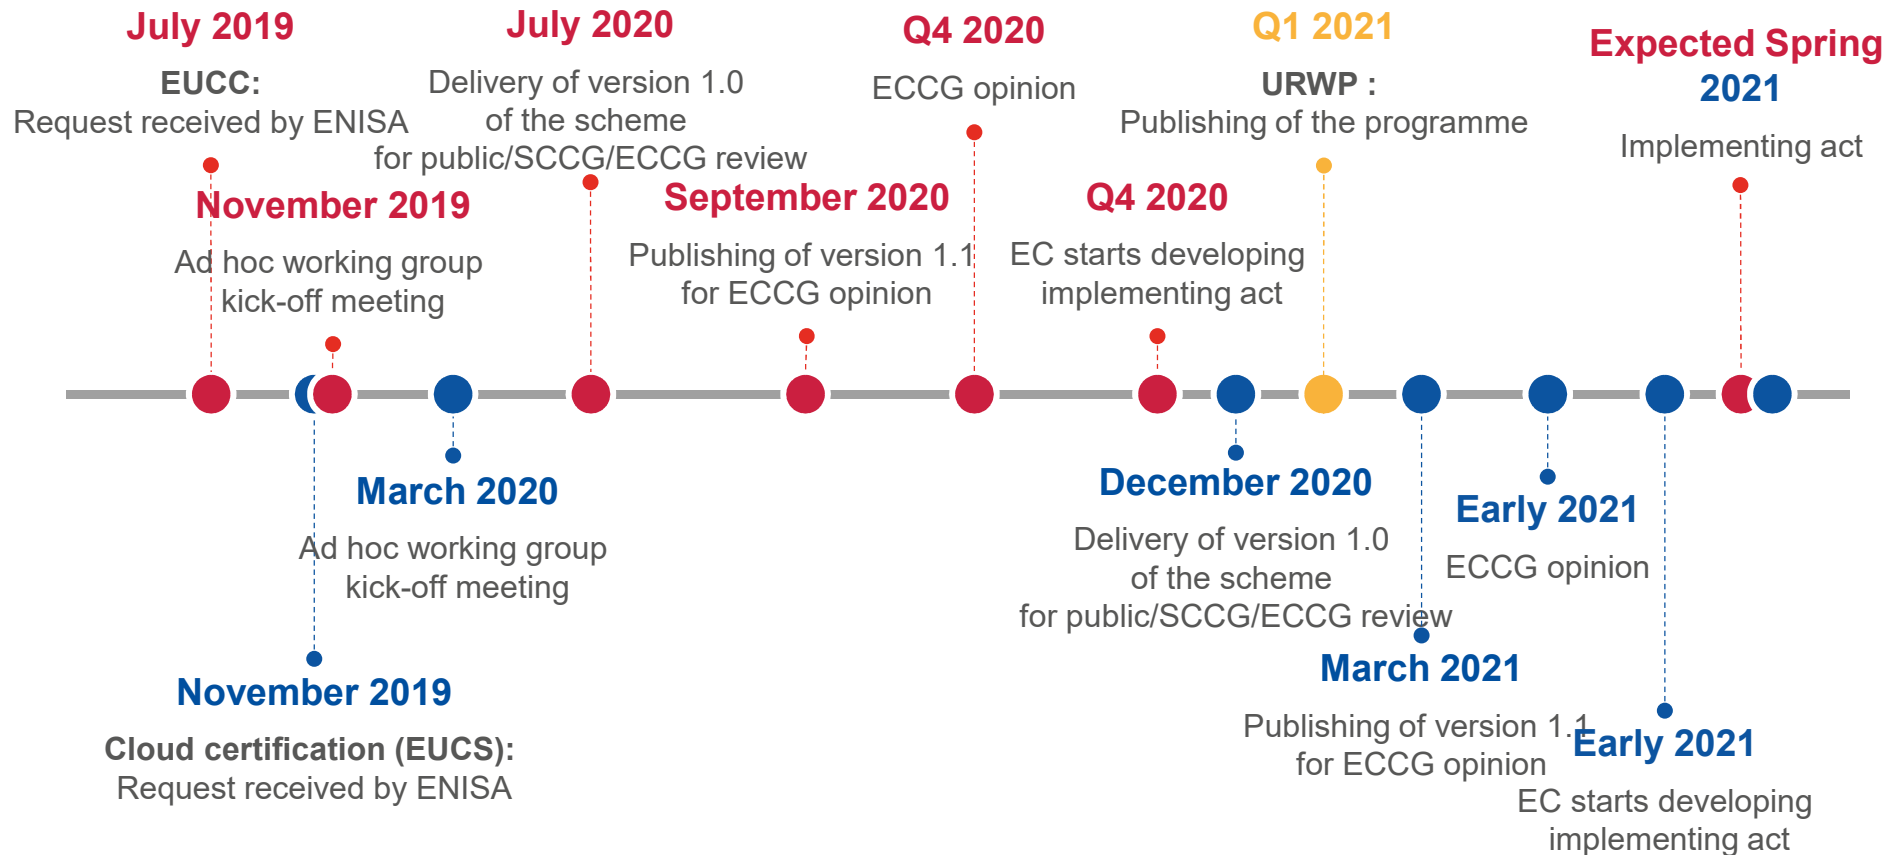

Draw up candidate certification schemes in line with the Cybersecurity Act

## Key outputs

- Candidate cybersecurity certification schemes for ICT products, services and processes
- Secretariat support (SCCG) and Co-chair SCCG (with the Commission).
- Support the Commission Chair of ECCG
- Support review of adopted certification schemes
- Implement and maintain a cybersecurity certification website
- Support peer review of national cybersecurity certification authorities
- Advice on market aspects relevant to cybersecurity certification

# Current activities on cybersecurity certification according to the CSA

**EUCC:** ICT product Cybersecurity Certification scheme based on SOG-IS and CC

**URWP:** Union Rolling Work Programme

# The candidate EUCC scheme on ICT products

- Positive outcome of the public consultation in July
- ECCG opinion on version 1.1 of the scheme soon to come
- Guidance development engaged on 3 areas, more to follow (the AHWG has been prolonged to support ENISA, MSs are committed, and new experts are on-board)
- Smooth transition from the SOG-IS MRA is key, the sessions today should allow you:
  - To understand some of the breaking elements brought by the scheme
  - To see how the ecosystem (developers, evaluators, certification bodies, accreditation bodies, national authorities, consultants...) is getting prepared for the new scheme

# EUROPEAN CYBERSECURITY CERTIFICATION SCHEME FOR *CLOUD SERVICES*

## Public Review starting soon

From 22 December 2020

To 07 February 2021

## A comprehensive scheme

Suitable for all cloud services

Three assurance levels

## Make your voice heard!

# THANK YOU FOR YOUR ATTENTION

**European Union Agency for Cybersecurity**
