

**EU  
Law Enforcement  
Emergency  
Response  
Protocol  
(EU LE ERP)**

Europol Unclassified- Basic Protection Level

# EU Law Enforcement Emergency Response Protocol (LE ERP) Goals

To support the EU MS LEA in providing immediate response to major cyber-attacks *(in line with nation-level crisis management mechanisms)*

To facilitate collaboration and coordination with other key players (public & private)

To provide the law enforcement contribution to other the EU crisis management arrangements

Lessons learnt at police level from WannaCry, NotPetya and other major cyber-attacks

Estonian Presidency initiative to streamline the law enforcement efforts in emergency response

First expert workshop (Sept 2017, Europol)

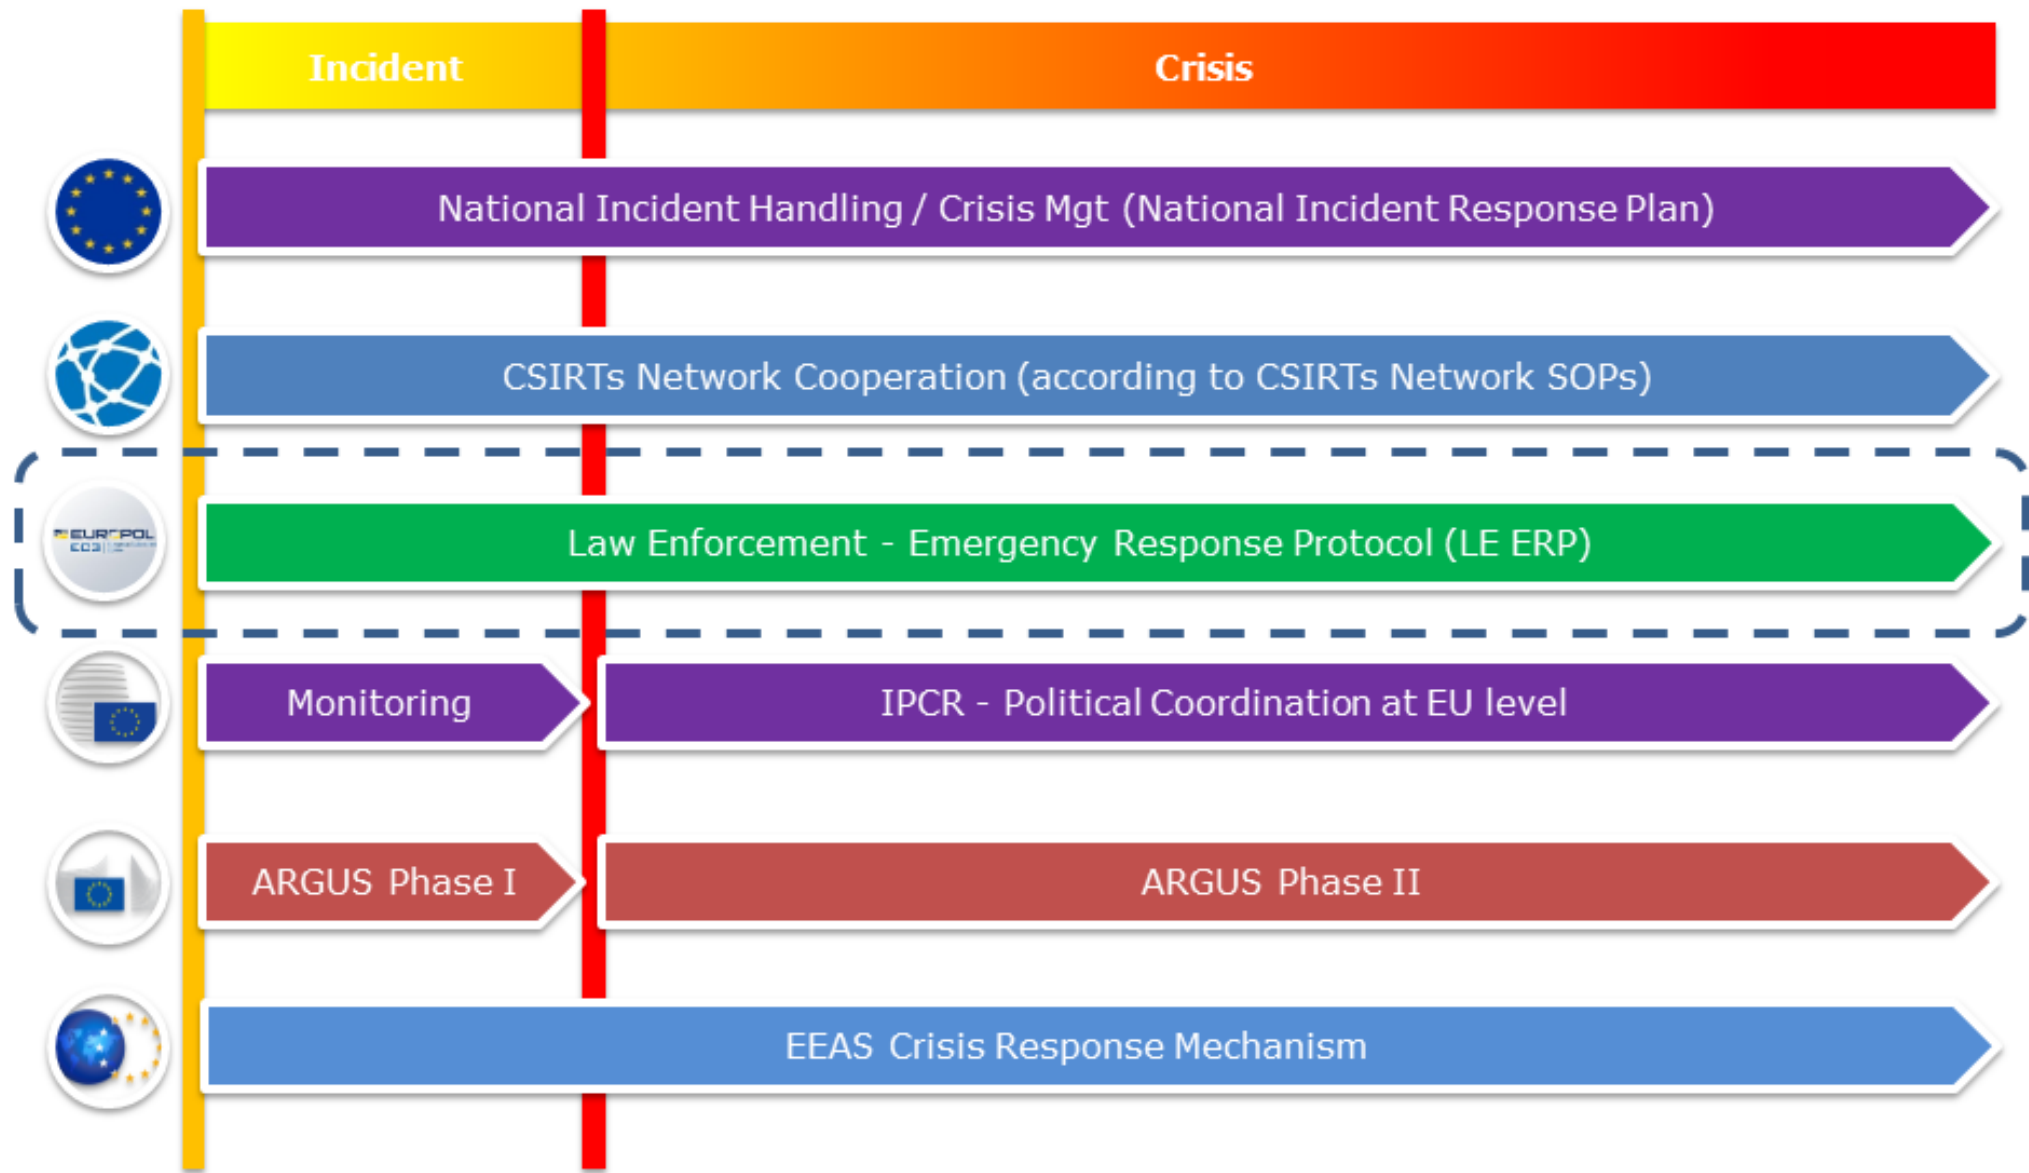

# Road to EU LE ERP

EU LE ERP included in EU Policy Cycle (Cyber Attacks Priority) & new EU Cyber Strategy 2017

Updated Common Taxonomy for Law Enforcement & CSIRT Community (Dec 2017)

Second expert workshop (April 2018, Europol)

EU-level endorsement of EU LE ERP & inclusion in the Blueprint
