European Standardization Organizations

Cinzia MISSIROLI

Director – Standardization and Digital Solutions

▶ **CEN** and **CENELEC**: European Standardization Organizations

- The platforms to develop European Standards
- Key providers of Cybersecurity standardization solutions

▶ Cooperation with **ISO** and **IEC** to develop European Standards, thereby facilitating international trade

▶ **Focal Technical Committees addressing Cybersecurity:**

- CEN-CLC/JTC 13 'Cybersecurity and Data protection'

- CLC/TC 65X 'Industrial-process measurement, control and automation'

- Sectors-specific activities: health, transport, manufacturing, electrotechnology…
▶ **Points of attention for the success of the cybersecurity certification schemes:**

- Continuously increasing **cooperation**
- Interactions between the different **Rolling Plans**
- Keeping the spirit of the **New Legislative Framework**
- Need to **avoid duplications** with international practices
- Cybersecurity Act vs. **Sectoral legislation**
