A new CEN-CENELEC TC on its way

**Cybersecurity and Data
Protection Standards in
support of European
policy**

September 19, 2017

Brussels, Belgium

CEN-CENELEC TC 13 Cybersecurity and Data Protection

- Organizational frameworks and methodologies, including IT management systems
- Data protection and privacy guidelines
- Processes and products evaluation schemes
- ICT security and physical security technical guidelines
- Smart technology, objects, distributed computing devices, data services

The focus is on adoption and harmonization for Europe

- Identification and possible adoption of standards already available or under development which could support the EU Digital Single Market and different standardization requests and/or EC Directives/Regulations.
- If required these standards will be augmented by TRs and TSs.
- Special attention will be paid to ISO/IEC JTC 1 standards, but will not be limited to this.
- Other SDOs and international bodies will also be taken into account, such as ISO, IEC, ITU-T, IEEE, NIST or industrial fora.

The CEN CENELEC Focus Group on Cybersecurity (CSCG)

- The CSCG cannot develop standardization deliverables (EN, TR, TS). Therefore, CSCG recommended the establishment of the proposed TC.
- The new TC will establish a WG as advisory group. This WG will continue the work of the CSCG.

Proposed initial program of work

Title/definition	Target dates	Deliverable
Adoption of ISO/IEC JTC 1 standards as ENs	3 year timeframe	EN
Adoption of other international standards as ENs	3 year timeframe	EN
Development of TRs and TSs supporting the GDPR and based on international standards	3 year timeframe	TR or TS
Development of TRs and TSs supporting the NIS Directive and based on international standards	3 year timeframe	TR or TS
Guidelines and best practices for the European economy on how to implement international cybersecurity and data protection standards by fulfilling EU legislations.	3 year timeframe	TR or TS

Already planned liaisons

- CEN/TC 224
- ISO/IEC JTC 1
- ETSI TC CYBER
- IEC/TC 65
- ISO/TC 292
- ISO/TC 307
- ECSO
