

Privacy Statement - ENISA validation workshop “Good practices for security of Smart Cars”

Your personal data are processed in accordance Regulation (EU) 2018/1725 on the protection of natural persons with regard to the processing of personal data by the Union institutions, bodies, offices and agencies and on the free movement of such data¹.

The **validation workshop for ENISA’s study on “Good practices for security of Smart Cars”** will take place in Brussels, Belgium on October 7th 2019. It is organised by ENISA.

The data controller is ENISA (Core Operations Department), who is responsible for the overall organisation of the event, the communication with the participants before and after the end of the event. ENISA is also responsible for the collection of data of participants from the online registration of the event’s participants through the EU survey tool. ENISA is responsible for the local organisation of the event, including access to premises and organisation of the catering (local organiser). ENISA processes personal data in accordance with the Regulation (EU) 2018/1725 on the protection of natural persons with regard to the processing of personal data by the Union institutions, bodies, offices and agencies and on the free movement of such data.

The data processor of the processing operation is the European Commission (through the use of the EU Survey tool², which is used by ENISA for the registration of participants to the event).

The legal basis for the processing operation is article 5(1)(a) of Regulation (EU) 2018/1725, on the basis of Regulation (EU) No 526/2013, in particular the provisions establishing the tasks of ENISA.

The purpose of the processing of personal data is to 1) register the visitors to the validation workshop for ENISA’s study on “Good practices for security of Smart Cars”, 2) provide access to the conference venue, 3) maintain the participants’ list, as well as the follow up of the event, including feedback collection and specific communication activities.

The following personal data are collected:

- Contact data: first name, last name, function (optional), organisation, country, e-mail address.

The recipients of your data will be ENISA staff involved in the organisation of the validation workshop for ENISA’s study on “Good practices for security of Smart Cars”, as well as event organisers contracted by ENISA in the context of this event. Access to the data can be also granted to national and EU bodies charged with compliance monitoring and inspection tasks.

The collected personal data and all information related to the above mentioned workshop are stored on the ENISA servers under their control, as well as the EU Survey tool servers. ENISA takes reasonable measures to manage risks associated with the processing of personal data, exercising controls such as the protection of the information provided, and not sharing information with unauthorized personnel and unauthorized contractors.

² <https://ec.europa.eu/eusurvey/>

The final participants’ list (first name, last name, and organisation) will be kept for a maximum period of five years after the end of the event for auditing purposes. **Email addresses and all optional contact data** will be kept for a maximum period of 6 months after the end of the event. Data will be deleted at the end of their respective retention periods.

You have the right to access your personal data and the right to correct any inaccurate or incomplete personal data by sending an e-mail to dataprotection@enisa.europa.eu. If you have any queries concerning the processing of your personal data, you may contact ENISA DPO at dataprotection@enisa.europa.eu.

You shall have right of recourse at any time to the ENISA DPO at dataprotection@enisa.europa.eu and to the European Data Protection Supervisor at <https://edps.europa.eu>.

Photos/Videos

Please note that there will be photos/video recordings of the participants taken during the event’s presentations (keynotes/panels) based on the prior consent as indicated in the registration page, as well as photos/videos of the event and its participants for publicity reasons. These photos/videos may be published on the websites of ENISA or on social media.

Should your photo be taken in the context of this photo/video shooting, and should you prefer to have this photo/video removed, please contact us at iot-security@enisa.europa.eu and we will do so as soon as possible.
