- ❖ Risk-based approach (CRA Annex I)
- ❖ Essential Requirements (CRA Annex I part 1)
- ❖ Vulnerability Handling (CRA Annex I part 2)

❖ **Vertical standards (16-41)**

- ❖ Important products class 1 (CRA Annex III)
- ❖ Important products class 2 (CRA Annex III)
- ❖ Critical products (CRA Annex IV)

CRA standardisation request in a nutshell

Assessment: the logic

- ❖ Goal: ensuring at an early stage alignment with EU legislation
 - Technical soundness of the draft standard
 - Legal soundness of the draft standard
- ❖ Internal assessment (with support from JRC & ENISA), not a “HAS assessment”
- ❖ **3X assessment per standard: mature draft, public enquiry draft, final vote draft**

Thank you.
