  - ★ Analysis
  - ★ Conclusions
- ★ Divergences between DPAs and Operators
  - ★ Undue delay
  - ★ Traffic monitoring
  - ★ Content of notifications
  - ★ Audits and role of DPA

# Data Breach Notifications

## ENISA perspective

- ★ DBN does not contribute in data protection
- ★ DBN ensures that information is timely delivered and correctly handled
- ★ Problems are not country-specific (cloud!)
- ★ Companies need clear guidelines
- ★ DPAs need guidelines and resources
- ★ Implementation of Article 4 needs further work
