CORRIGENDUM: N° 01

“Events Organisation Services”

ENISA F-COD-13-T16

Please note that there was a typographical error in ‘Annex X - Document Checklist’. It wrongly referred to the fact that an electronic version of the technical offer was also required. This is not the case for this particular tender procedure.

As a consequence, the following documents have been updated in order to correct this error. Each updated document now includes ‘rev01’ at the end of its name in order to differentiate it from the older document which has now been removed from the website.

- Tender Specification - F-COD-13-T16
- Document Checklist
- Tender Pack – (full documentation)

We apologise for any inconvenience this may have caused.
