CORRIGENDUM TO TENDER: N° 01

“External evaluation of the activities of the European Union Agency for Network and Information Security”

ENISA D-DIR-15-T12

Regarding the type of contract to be used for the conclusion of this procedure, please take note that all references to a ‘*Service contract*’ in the Tender Specification document should be replaced with references to a ‘**Framework service contract**’.

The maximum possible duration of 4 years for the resulting contract remains the same. The evaluation related services shall be ordered each year via Specific Contracts under the multi-year Framework contract.

A new draft Framework Service contract has been uploaded to the website while the older version now having been deleted.

We apologise for any difficulties this may cause however please be assured that this does not change the scope of the tender in any material way.
