CORRIGENDUM TO TENDER: N° 01

“Operational consultancy services in the field of cryptology”

ENISA F-COD-13-T23

Please note that there are two typographical errors in Part 3 of the Tender Specification document.

More specifically:

1. The numbering of each article is not consecutive after Article 1.5.

Please refer to the following articles:

PART 3 TENDER SPECIFICATIONS	13
1. FORMAL REQUIREMENTS	13
1.1 Address and deadline for submission of the Tender:	13
1.2 Presentation of the Offer and Packaging	14
1.3 Identification of the Tenderer	14
1.4 Participation of Consortia or group of service providers	16
1.5 Subcontracting	16
1.4 Signatures of the Tender	17
1.5 Total fixed price	17
1.6 Language	17
1.7 Opening of the Tenders	17

as having the following corrected article numbering as shown below:

PART 3 TENDER SPECIFICATIONS	13
1. FORMAL REQUIREMENTS	13
1.1 Address and deadline for submission of the Tender:	13
1.2 Presentation of the Offer and Packaging	14
1.3 Identification of the Tenderer	14
1.4 Participation of Consortia or group of service providers	16
1.5 Subcontracting	16
1.6 Signatures of the Tender	17
1.7 Total fixed price	17
1.8 Language	17
1.9 Opening of the Tenders	17

2. Article 1.7 – ‘Total fixed price’ on page 17 states:

“A total fixed price expressed in Euro must be included in the Tender. The contract prices shall be firm and not subject to revision”

The Financial Offer form (Annex IV) actually requests four (4) separate prices and not a total price.

Therefore please regard article 1.7 as being amended to state:

“Fixed prices expressed in Euro must be included in the Tender. The contract prices shall be firm and not subject to revision”
