Στην διακήρυξη ορίζεται ως γλώσσα του διαγωνισμού οποιαδήποτε από τις 22 επίσημες γλώσσες της Ευρωπαϊκής Ένωσης. Θα μπορούσε η προσφορά να απαρτίζεται από δύο διαφορετικές επίσημες γλώσσες; Η γλώσσα του διαγωνισμού να είναι για παράδειγμα η αγγλική αλλά ορισμένα από τα νομιμοποιητικά στοιχεία να είναι στην ελληνική ή σε αυτή την περίπτωση θα πρέπει να υπάρχει κάποια μετάφραση των στοιχείων αυτών και αν ναι θα πρέπει να είναι επίσημη;

Q4:

#### (English translation)

In the Tender Specification document it is mentioned that each one of the 22 languages of the European union is eligible. Could we however submit our offer combining two languages: English for example for the technical part and Greek for the legalization documents?

You may provide any official documents in their native language without any translation.

You may also choose to use your native language for your technical offer.

### **A4**:

It should be noted that the working language of the Agency is English which means that there must be good communication between the successful contractor and the Agency's contact person in the English language; both written and spoken. It would therefore be beneficial to be able to assess the level of English of each tenderer through their technical offer.
