The procurement documents consist of the contract notice, this invitation letter, and tender specifications with their respective annexes. All documents are available at the following TED e-Tendering website<sup>1</sup>:

<https://etendering.ted.europa.eu/cft/cft-display.html?cftId=8138>

Economic operators interested in this contract are invited to submit an application in one of the official languages of the European Union.

### 1. Submission of applications.

Applications must be submitted exclusively via the electronic submission system (e-Submission) available from the above website<sup>2</sup> and accessible on the Funding and Tenders Opportunities portal (F&T portal)<sup>3</sup>, Applications submitted in any other way (e.g. e-mail or by letter) will be disregarded.

In order to submit an application using e-Submission, economic operators (each member of the group in the case of a joint tender) will need to register in the European Commission's [Participant Register](#) - an online register of organisations participating in EU calls for tenders or proposals. On registering each organisation obtains a Participant Identification Code (PIC, 9-digit number) which acts as its unique identifier in the above register. Instructions on how to

create a PIC can be found on this [page](#). Economic operators already registered in the Participant Register shall reuse their existing PICs when preparing tenders in e-Submission.

An application received after the time-limit for receipt of applications will be rejected. The submission receipt provided by e-Submission with the official date and time of receipt of the submission (timestamp) constitutes proof of compliance with the time-limit for receipt of tenders<sup>4</sup>.

Interested economic operators must ensure that their submitted tenders contain all the information and documents required by the contracting authority at the time of submission as set out in the procurement documents.

The following documents shall be dated and signed, either by hand or by applying a qualified or an advanced electronic signature based on a qualified certificate, by an authorised representative of the signatory:

- Declaration(s) on Honour on exclusion and selection criteria (template available in the tender specifications).
- The submission report (a document generated by e-Submission and listing all the documents included in the tender, to be signed by the tenderer or the group leader in case of a joint tender).

When the Declaration(s) on Honour and/or the submission report are signed by hand, a scanned copy must be attached to the tender in e-Submission.

After submitting an application, but before the deadline for receipt of applications, an economic operator may definitively withdraw its application<sup>5</sup>, or withdraw it and replace it with a new one<sup>6</sup>. A withdrawal receipt will be provided by e-Submission as proof of withdrawal.

All costs incurred for the preparation and submission of applications are to be borne by the economic operators and will not be reimbursed.

## **2. Legal effects of the invitation and submission of an application.**

This invitation to submit an application is in no way binding on the contracting authority. The contracting authority's contractual obligation commences only when the contract with the successful tenderer is signed by both parties.

Up to the signature of the contract the contracting authority may cancel the procurement procedure without economic operators being entitled to claim any compensation. Any such decision must be substantiated and tenderers notified.

---

<sup>4</sup> If no submission receipt is received in reasonable time after submission, please contact the e-Submission Helpdesk (see contact details in the above referred e-Submission Quick Guide) as soon as possible.

<sup>5</sup> A submitted tender can be withdrawn directly in the "Procurement/My Submission(s)" area in the F&T Portal. For detailed instructions on how to withdraw a tender please consult the above referred e-Submission Quick Guide.

<sup>6</sup> To submit a new version, the tenderer must create a new tender in e-Submission and include all the information and documents required in the procurement documents with the submission of a tender, even if some of them have already been included in the replaced tender.

The validity period of the tender, during which economic operators may not modify the terms of their applications in any respect, is indicated under Heading IV.2.6 of the contract notice.

Submission of an application implies acceptance of all the terms and conditions set out in the procurement documents and, where appropriate, waiver of the economic operator's own general or specific terms and conditions.

### **3. Contacts during the procurement procedure.**

Contacts between the contracting authority and economic operators are prohibited throughout the procedure save in exceptional circumstances and under the following conditions only:

Any request for additional information must be made in writing only through the above TED e-Tendering website in the "Questions & answers" tab, by clicking "Create a question" (registration on TED e-Tendering is required to be able to create and submit a question).

The contracting authority is not bound to reply to requests for additional information received less than six working<sup>7</sup> days before the time-limit for receipt of applications.

The contracting authority may, on its own initiative, inform interested parties of any error, inaccuracy, omission or any other type of clerical error in the text of the procurement documents.

Any additional information will be published on the above TED e-Tendering website. The website will be updated regularly and it is the economic operator's responsibility to check for updates and modifications during the submission period<sup>1</sup>.

#### **3.2 After the opening of applications**

If any clarification is required or if obvious clerical error(s) in the application needs to be corrected, the contracting authority may contact the Candidate provided that the terms of the tender are not modified as a result.

This invitation is in no way binding on ENISA. ENISA's contractual obligations commence only upon signature of the contract with the successful Tenderer.

Up to the point of signature, ENISA may either abandon the procurement or cancel the award procedure, without the candidates or Tenderers being entitled to claim any compensation. The decision must be substantiated and the Tenderers notified.

Once ENISA has opened the application, the documents shall become the property of ENISA and be treated confidentially.
