For this scope, the applicants' personal data will be processed to facilitate the management of the recruitment process and any subsequent legal challenge to that process.

Candidates may also undertake online psychometric tests (further information on the processing of personal data in the context of online psychometric tests shall be provided to candidates in such cases);
- Evaluation of candidates undertaken by the appointed selection board(s) in different stages of the selection process (e.g., applications, pre-selection screening, interviews, tests, etc.).

Access to your data will be granted only to delegated ENISA staff involved in different stages of the selection process; members of appointed selection board(s); delegated ENISA contractors involved in different stages of the selection process (data processors). Upon agreement of the applicants that have been placed on a reserve list, their data (as part of the reserve list) may be shared further with other EUIBAS. The data may also be available to EU bodies charged with monitoring or inspection tasks in application of EU law (e.g., internal audits, European Anti-fraud Office – OLAF).

Personal data will be kept up to a maximum period of:

- In relation to recruited applicants (Temporary Agents, Contract Agents and SNEs) whose data is stored in their personal file as per Article 26 of the Staff Regulations, the data is retained in ENISA for a period of up to 10 years after the termination of employment or the last pension payment.
- In relation to non-recruited personnel (Temporary Agents, Contract Agents and SNEs), the data is retained for a period of maximum of 2 years following the completion of the recruitment process.
