INDEX

1. Introduction
2. Cybersecurity Certification Market per scheme
3. Conclusions

Introduction - THE MARKET IS NOT ONLY CC. IT'S MUCH BIGGER

Nederlands Schema voor Certificatie op het gebied van IT-Beveiliging (NSCIB)

Introduction - ENISA Cybersecurity Certification Statistics Report

Support ENISA to analyze the European market regarding Cybersecurity certification.

The report is divided into three main sections in which the different schemes have been integrated depending on the type of scheme: ICT products, ICT Cloud services and ICT Cybersecurity services.

ICT Products

- Common Criteria
- Fixed Time Methodologies
- Identity & Digital Signature
- Cryptography
- Industrial, Operational technology in automation and control systems
- IOT Platforms
- Payment
- 5G
- POI Categories
- IOT Labels

ICT Cloud Services

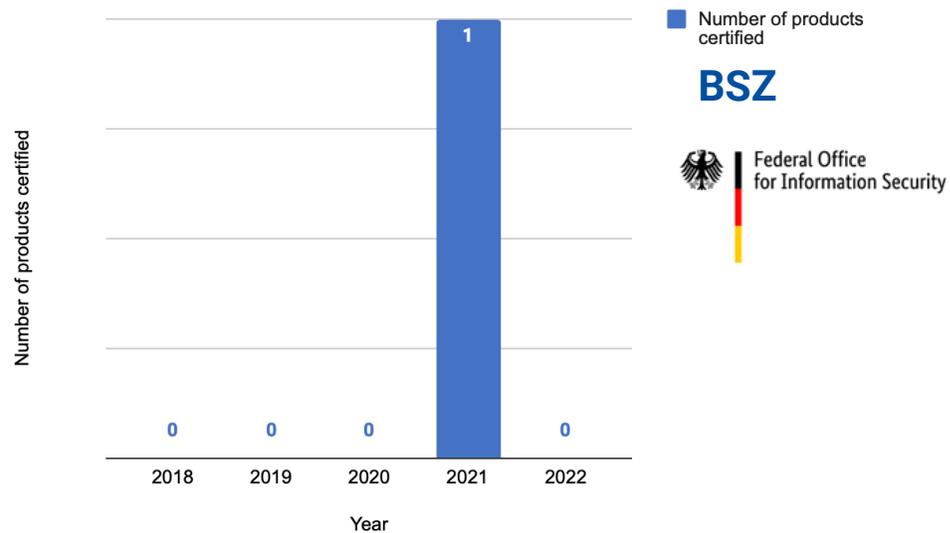

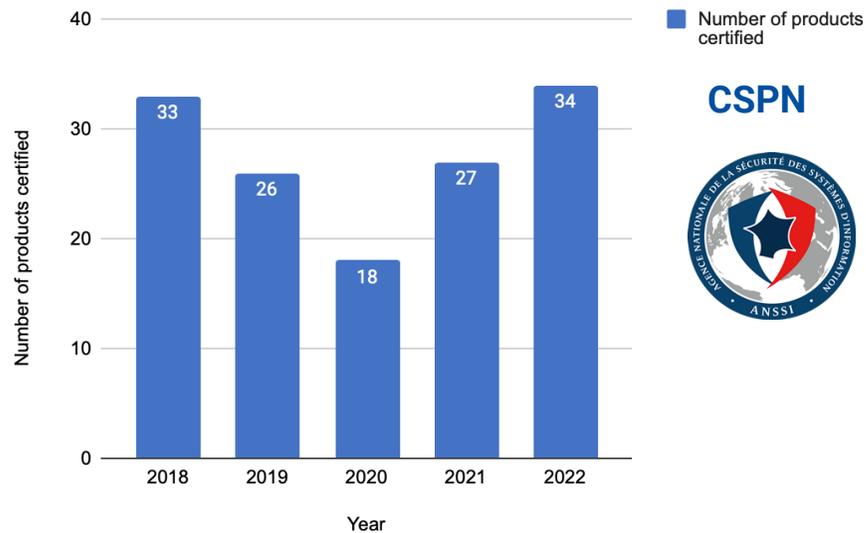

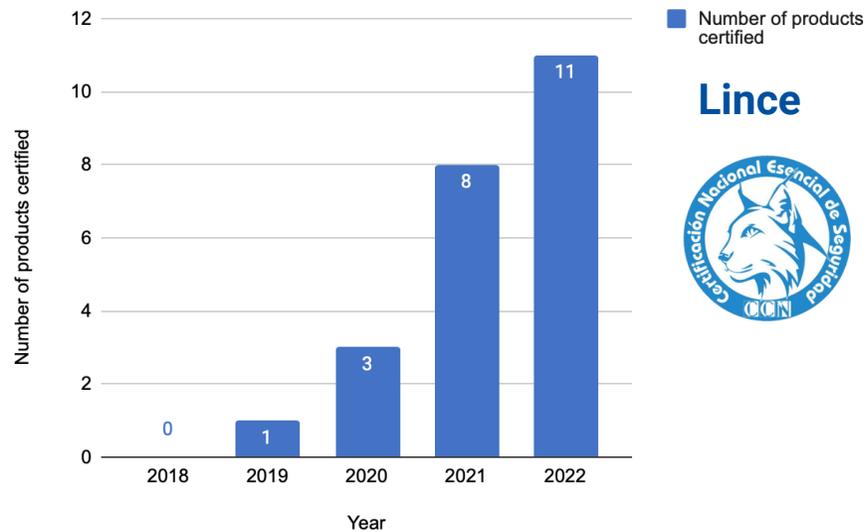

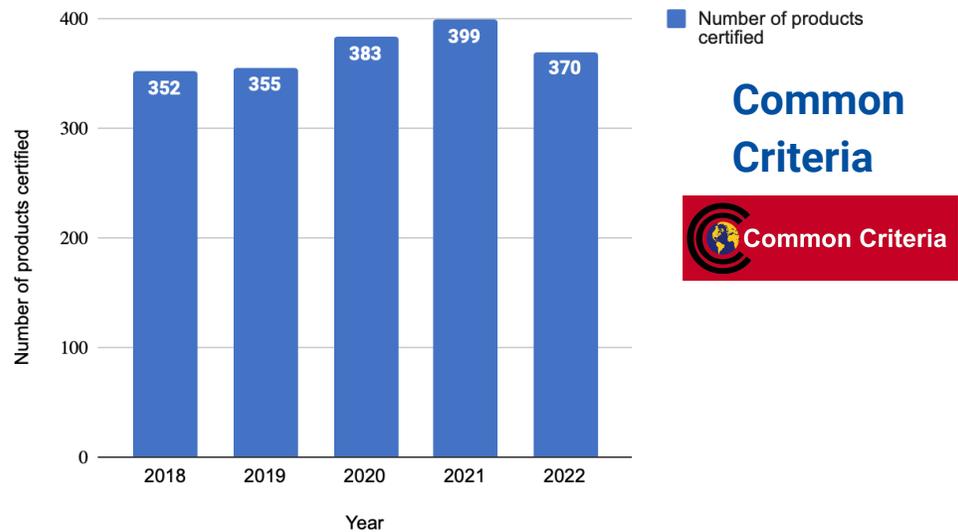

- ENS & CPSTIC - Spain
- Secnumcloud - France
- C5 - Germany
- Fedramp
- Hitrust
- EU Cloud of Conduct
- ...

ICT Cybersecurity Services

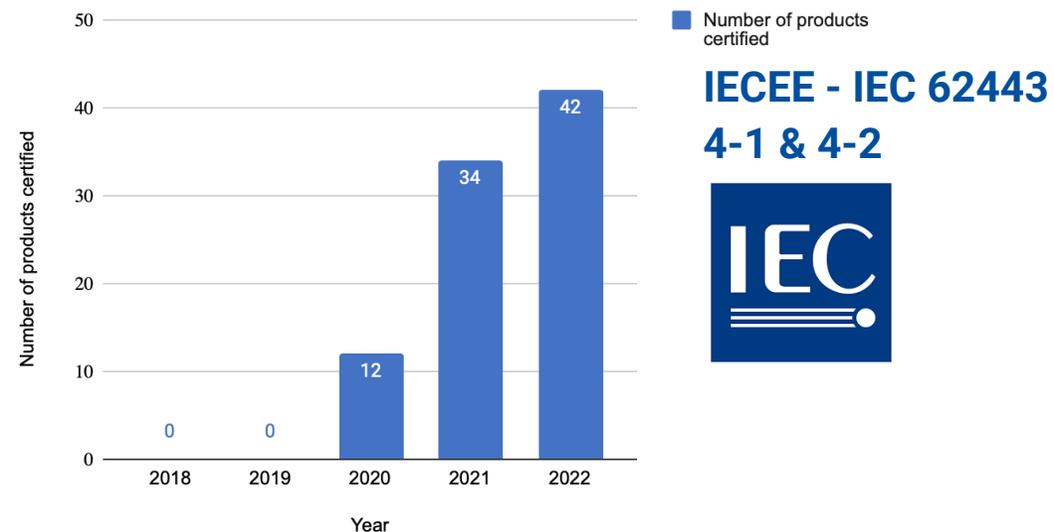

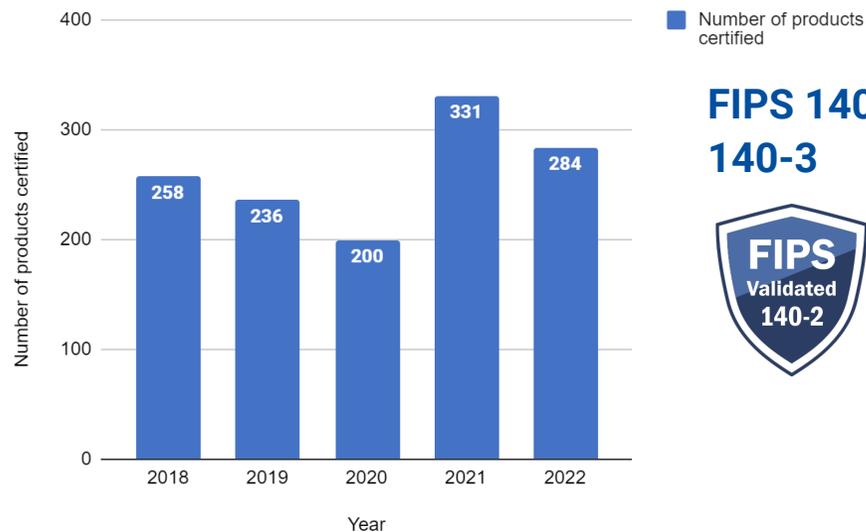

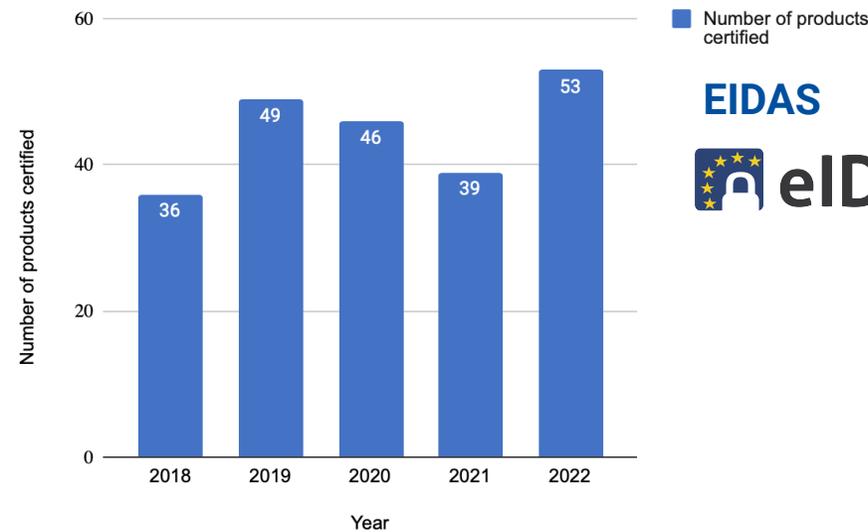

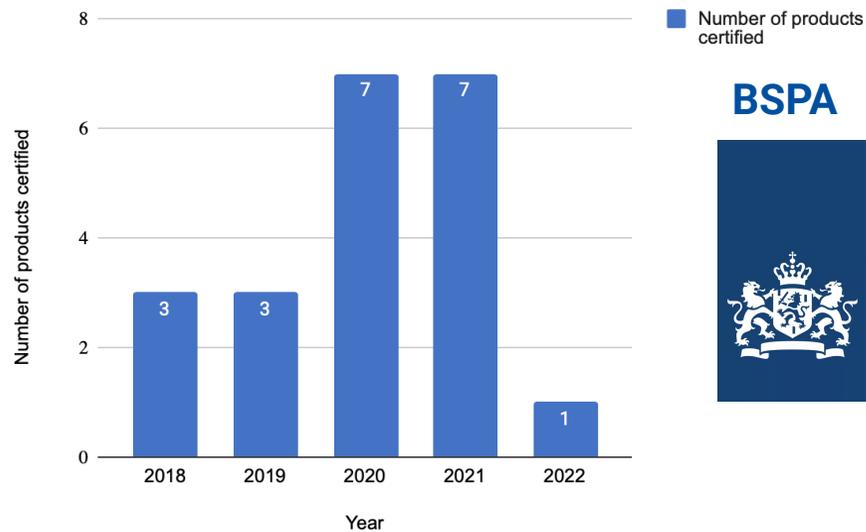

- SOC (Security Operation Centers) Operators
- Incident Response
- Qualified Auditors (e.g. PRIS)
- TIBER EU
- NIS Auditors
-

Under discussion
